

ASSIGNMENT-1

AIM: To complete this assignment, setup an HTML template. Include the following items at a minimum

(This page is for small biography of individual student):

- a head section
- a body section
- text in the body section
- use of paragraph tag(s) and heading tag(s)
- at least one image embedded from an external web location (like Google Images)

OUTPUT:

(1.1 My small biography)

ASSIGNMENT-2

AIM: Create a new webpage that is enhanced with CSS. First create a new HTML page that includes a minimum of text (including headers and paragraph tags), images, and at least one table. This page may contain any information that you want - it can even use made up text from a text generator such as lipsum.com. Do not style in anyway with HTML, instead, create and link an external style sheet to this page that changes the format of some CSS properties.

To complete this assignment, please complete all of the following requirements:

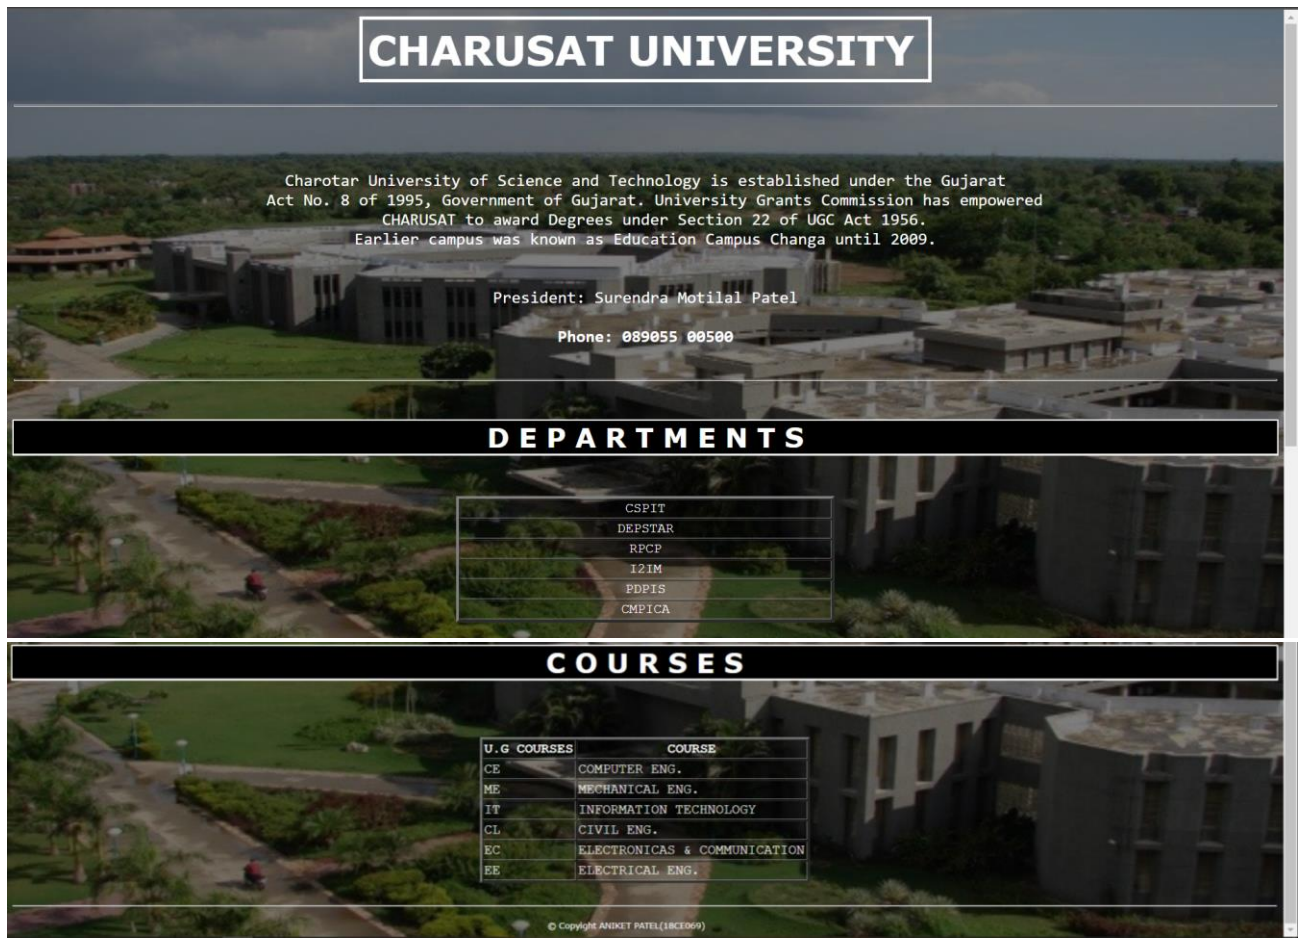

- Create an HTML page with a header and body section that includes some text, at least one image, and at least one table (with as many rows and columns as you want)
- Create an external CSS file that is properly linked to the webpage you've designed, that includes at least 5 different classes or IDs that modify elements of the linked webpage.
- At least one of the classes or IDs must control layout using layers (Div tag), and the rest should modify properties such as fonts, colours, background-colour, etc. If you want an extra challenge, research how to control some other CSS properties that you think would be useful when designing webpages and use it. Remember W3schools provides excellent Information in this regard and the ability to practice in order to learn what specific CSS properties control.

OUTPUT:

(Note: Output is on the next page.)

A screenshot of the Charusat University website. The background is an aerial view of the university campus with modern buildings and green spaces. At the top, the text 'CHARUSAT UNIVERSITY' is displayed in a white box. Below this, a paragraph describes the university's establishment under the Gujarat Act No. 8 of 1995 and its empowerment by the University Grants Commission. Further down, the President's name and a phone number are listed. The page is divided into sections for 'DEPARTMENTS' and 'COURSES', each with a corresponding table. The 'DEPARTMENTS' table lists CSPIT, DEPSTAR, RPCP, I2IM, PDPIS, and CMPICA. The 'COURSES' table lists U.G. courses: CE (Computer Eng.), ME (Mechanical Eng.), IT (Information Technology), CL (Civil Eng.), EC (Electronics & Communication), and EE (Electrical Eng.). A copyright notice for ANIKET PATEL (18CE069) is visible at the bottom of the page.

CHARUSAT UNIVERSITY

Charotar University of Science and Technology is established under the Gujarat Act No. 8 of 1995, Government of Gujarat. University Grants Commission has empowered CHARUSAT to award Degrees under Section 22 of UGC Act 1956. Earlier campus was known as Education Campus Changa until 2009.

President: Surendra Motilal Patel

Phone: 089055 00500

ASSIGNMENT-4

AIM: To complete this assignment, please complete all of the following requirements:

- Create an HTML page with a header and body section that includes a form.
- The form should have at least 5 input fields and one button (not an input type submit button).
- At least one of these input fields should be validated using JavaScript on an onblur event

OUTPUT:

REGISTRATION

Name:

Gender: Male: ☐ Female: ☐

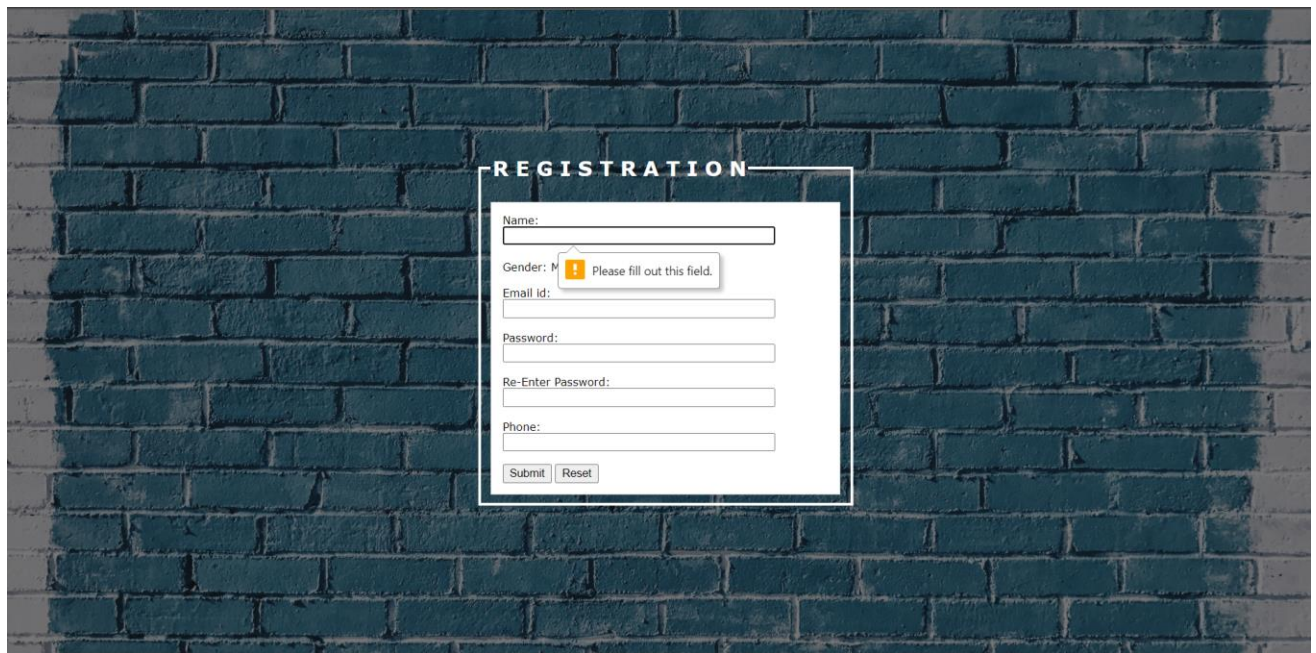

Email id:

Password:

Re-Enter Password:

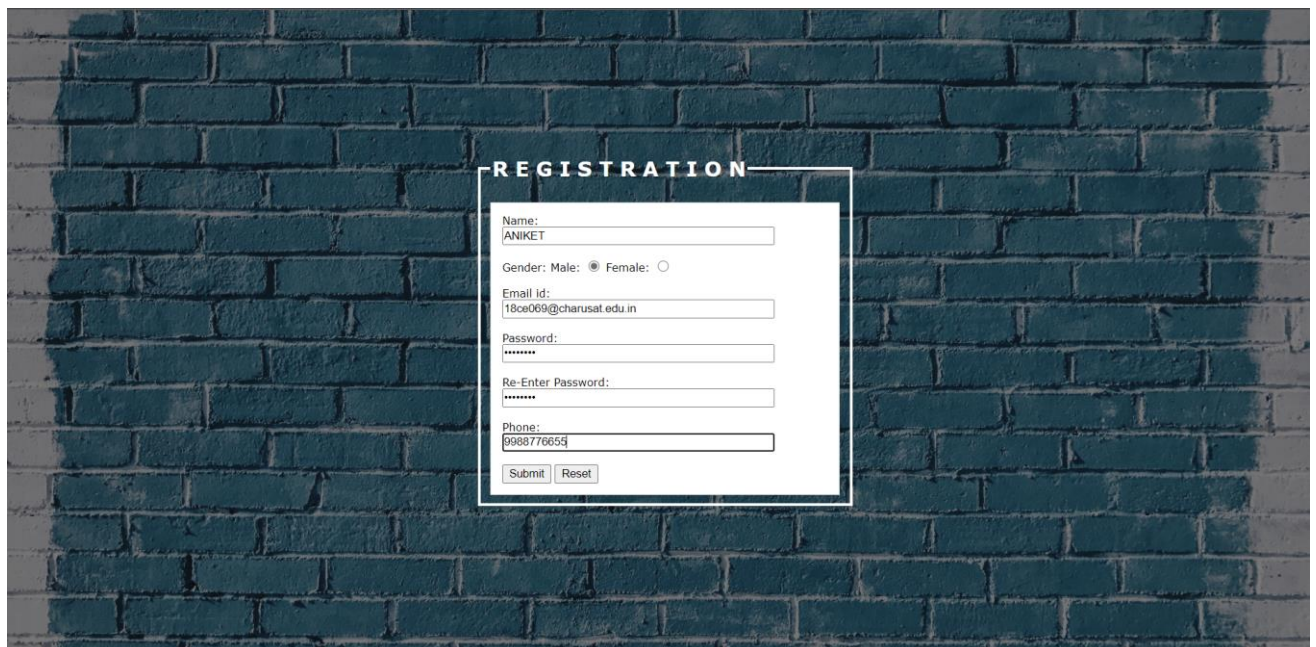

Phone:

(4.1 Blank Registration Form)

A registration form titled "REGISTRATION" is displayed against a dark brick wall background. The form contains the following fields: Name, Gender (with a dropdown menu), Email id, Password, Re-Enter Password, and Phone. Below the fields are "Submit" and "Reset" buttons. An alert message box is visible over the Gender field, stating "Please fill out this field." with a yellow warning icon.

(4.2 Alert message to fill all the inputs)

The same registration form is shown, but now it is filled with data. The fields contain: Name: ANIKET, Gender: Male (selected), Email id: 18ce069@charusat.edu.in, Password: (masked with asterisks), Re-Enter Password: (masked with asterisks), and Phone: 9988776655. The "Submit" and "Reset" buttons remain at the bottom.

(4.3 Registration Form)

ASSIGNMENT-5

AIM:

- Create a web page for online registration of the National Workshop on Web Technology.
- The participants can be students, faculty members, professional, company / firm Representatives from different countries.
- Create the web page with required form elements and default values. The form should provide the controls for the information to accept above mentioned details as well as for personal and other relevant information. Store these data in relevant database (You can choose database at your own).

OUTPUT:

REGISTRATION

FirstName:

ASSIGNMENT-6

AIM:

Participate and submit your own CSS (Refer: <http://www.mezzoblue.com/zengarden/submit/>). For recognition, inspiration, and a resource, you can showcase your work-how amazing CSS really can be. This site serves as equal parts inspiration for those working on the web today, learning tool for those who will be tomorrow, and gallery of future techniques. (Students are allowed to participate in other online platforms like above one with prior permission of lab faculty. Our intention is to push up our students on international platforms.)
